Student Quotes

"Taking the New Beginnings class really helped me make new friends. I felt much better on the first day of school because I recognized some familiar faces."

"I really liked the part of the class when we got to play a game to get to know the school. I knew where all the classrooms were located after that. It was great!"

"My favorite part of the class was making new friends. Katie and I are still friends...we ended up on the same team! All new students must take this class!"

The classes will incorporate opportunities and strategies about:

- Understanding middle school culture
